

# RBC Canadian Open

Thursday, June 5, 2025

Caledon, Ontario, Canada

TPC Toronto at Osprey Valley (North Course)

## Thorbjørn Olesen

### Quick Quotes

**Q. Opening round 61. What was working so well for you today?**

THORBJØRN OLESEN: Obviously I played great, but my putting was exceptional today. Don't think I missed any putts really out there. I definitely holed some long ones as well. It was nice to see everything go in.

**Q. Had you been working on anything in particular with your putter? What was it like to see that coming into action during the round?**

THORBJØRN OLESEN: Not really actually. I took a week off after the PGA Championship, didn't play much golf.

Yeah, I came out to the qualifying here, and I felt like I played great golf there Monday and obviously qualified. So that gave me some confidence going into this week for sure. Yeah, I took that with me.

**Q. Coming off of that, were you tired? What was that like on Monday? And congrats on qualifying in the Open.**

THORBJØRN OLESEN: It was a long day obviously. It makes it easier when you're playing well. Yeah, it's a fight. There's a lot of guys, and you know you have to shoot some low numbers to be able to qualify. Like I said, it definitely gave me some confidence for this week.

**Q. Speaking of golf's longest day, you essentially clinched your spot in the U.S. Open or guaranteed your spot in the U.S. Open with a 15-foot birdie putt on the last of your 36 holes that day. How much confidence or momentum with the flat stick did you take from that moment into today?**

THORBJØRN OLESEN: I took a lot from that last putt. I didn't putt that well that day actually. I felt like I played really good, but like holing a putt like that when you know you have to make it, it gives you a lot of belief in yourself. Yeah, I definitely took that with me. It obviously worked out great today.

**Q. What was really the trick out there today for you? On the greens, they're large, undulating greens. Obviously the moisture in the greens also makes things a bit more challenging. How were you able to get the speed and the feel right?**

THORBJØRN OLESEN: Obviously they're a little bit softer than what they were yesterday. I didn't actually see the front nine until today. That worked out well maybe not to know any of the holes really.

Sometimes you just have a feel of the greens and you just look at it, and you can sort of see the lines easy, and that was one of those days for me today, I think.
