

# CPKC Women's Open

Friday, August 22, 2025

Mississauga, Ontario, Canada

Mississauga Golf & Country Club

## Jenny Bae

### Quick Quotes

**Q. All right, joined by Jenny Bae after the second round of the CPKC Women's Open. You finished with an eagle. Can you walk us through that, please?**

JENNY BAE: You know, I got on the tee box and my caddie goes, you have two holes left. Let's just make the best out of it.

We didn't think of anything. I just did a simple drive, a little in the rough. I asked him, is the tree in the way? I was too busy focused on the tree. He goes, don't worry about it. Just hit the best you can.

Next thing you know, we hear this large -- big roar and I go up there and my ball is just sitting in the hole very comfortably.

It was great. It was definitely a great way for me to finish out my last hole, and finishing with a birdie after that was just a bonus.

**Q. You had an interesting round today. You had a lot of birdies but you also had a good bit of bogeys. Can you talk a little bit about just what was going through your brain today while you were out there?**

JENNY BAE: It was definitely a scramble for most of my round. You know, bogey after and then birdie after, my head was -- there was a lot. I told my caddie, I said, I just want to finish off this round (indiscernible.)

Obviously I finished really great, so I think it's a really good momentum for me heading into tomorrow.

**Q. Yeah. Heading into the weekend you're sitting inside the top 10. How are you feeling about that? Anything you feel like you need to work on or just get a good night's rest and get back to it tomorrow?**

JENNY BAE: I could always use a good night's sleep, but I think if I can just tighten up a little on my short game, I think it'll be really good.

**Q. Since your good finish in the event in Mexico, how has that given you confidence throughout your year on the LPGA?**

JENNY BAE: It definitely gave me a really good confidence boost heading into the middle of the season. I think I did pretty decent afterwards and I was able to keep myself up.

Now finishing really well today and also being in a really good position for this tournament also gives me another good boost.
